OF GENERAL INTEREST IN THE EU

CEEP gathers enterprises and organisations from across Europe, both public and private, at national, regional and local level, which are public employers or providers of services of general interest and is one of the three European Cross-Sectoral Social Partners.

CEEP has members in nearly all of the Member States. It represents the interests of its members to the European institutions.

CEEP members are active in many sectors such as :  
Transport / energy / water supply / waste disposal / housing /  
healthcare / social services / education / postal services /  
telecommunications / local administration etc.

CEEP priorities are :

- to promote services of general interest, particularly regarding their crucial contributions to the European social and economic model;
- to use the Social Dialogue as a means to modernise public services and to promote partnerships at all levels (local, regional, national and European) in view of the achievement of the Lisbon Strategy objectives, particularly to have better and more jobs, adapted to change;
- to reinforce sustainable development by influencing all European decisions affecting basic infrastructures (transport, energy, water supply, waste management, telecommunications).
